FEATURE

Out of the Classroom

Layouts and copy by Steven Jones

Among the aspects of school that can be tiresome, there are some that can be fun, too. There are many activities and programs involving students outside the classroom. These activities help break up the monotony we sometimes feel during remote parts of the school year. This feature is a scrapbook of those activities and the people involved.

The Spirit Works Program

By Chris Sadera

Spirit Works is a fun way of improving our school and school spirit — academically, athletically, spiritually — and improving our school's appearance. A little bit of competition is added among the four high school classes, but it's worth it because it *does* improve our school and school spirit. I think "Spirit Works!"

Layout by Jackie Lanoue and Debbie Aragi.

FRESHMEN

Freshmen are good students — mostly — but they are noisy; you can hear freshmen from anywhere in the building. We'll give them three years to learn how to be proper seniors.

SOPHOMORES

If sophomores can stay out of trouble and survive junior year, we think they'll be suitable seniors. In the meantime, they are sophomores — in the truest sense of the word.

ADMINISTRATION

A Heck of a Job

By Beth Ferrin

The administration has one heck of a hard job trying to run this school (with its uniqueness of having five towns) and trying to satisfy the needs of "The Public." This large group contains students, parents, the school committee, the press, and the suppliers, people who bring our school what it needs to run. These and other duties keep them more than busy.

FACULTY

Working Hard

By Jackie Lanoue

The faculty in this school is working very hard to make the school more presentable and more homey for the students. They get involved in what is going on around the school. Besides working hard to educate us, they are a friendly bunch of people who make the school easier to come to.

PERSONNEL

Our Praiseworthy Personnel

By Steve Jones

We really do not appreciate what the personnel does that much, yet we get really steamed if the waste baskets are not emptied, if we miss an announcement, if report cards are not done, if the nurse is not in, and especially if the food is cold. We should praise the personnel more. It would make us all happier.

PLAY

A CONNECTICUT YANKEE IN KING ARTHUR'S COURT AND THE GOOD DOCTOR

This year's production included the play A Connecticut Yankee in King Arthur's Court by Mark Twain, and a series of skits by Neil Simon entitled The Good Doctor. Excepting a few laughable errors, the production was successful.

PROM REFLECTIONS OF TIME

The 1982 Prom presented by the Class of 1983 was a tremendous success. The bash was held at the Wyantenuck Country Club. The admission price included a buffet style dinner, free beverages all night, free snacks, and dancing until midnight. Everyone had a great time. The effort that was put into "Reflections of Time" was well worth it.

Baseball at Mt. Everett is very different. Even though we don't have a winning record, the sport is exciting (watching your friends reach their goals; watching your friend strike someone out). The spring atmosphere, also, makes it fresh and loads of fun.

Softball, what suspense. Is she going to hit the ball or strike out? The pitcher throws the ball. She hits it. It goes flying up in the air. Will one of the other players catch it? Yes, she's got it. No, she dropped it! A homerun for the team.

Boys Soccer

A TREMENDOUS IMPROVEMENT

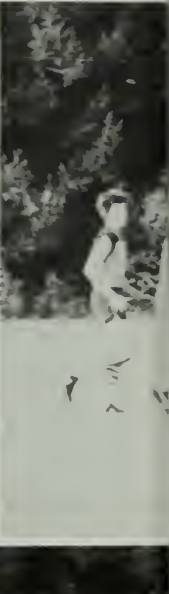

By Steve Jones

Layout by Denise Rossi

Soccer has not been here long, but already we see tremendous improvement. The boys' team has gotten much better and after only two years, they are moving to a varsity standing. It may seem slight, yet they are quite proud. We should be too! If they continue at this pace, we will be a major contender in a few years.

BOYS' BASKETBALL INDIVIDUAL TALENT

By Peggy O'Connor

Layout by Denise Rossi

That Eagle pride is down inside, we've got the Groove, so watch us move!

What effort! What pride! Our boys really try hard out on that court. They work together and give it all they've got. What more could we ask for? They practice hard and play hard. Their coach will not tolerate less than 100%, and that is what they give him.

WRESTLING GET A PIN

By Lynn Warner

Layout by Pam Hewins

The whistle blows, the match begins. They wrestle all around the mat. Our Mt. Everett guy trying to pin the other guy. The crowd is cheering and screaming. "You can do it!" Our guy starts to get a pin. The referee is on his knees. The crowd is roaring. There is three seconds left. Will it be a pin? Yes! He pinned the other guy with one second left. What an exciting match.

CHEERLEADING SPIRIT! SPIRIT! SPIRIT!

By Denise Rossi

The cheerleading squad has a great deal of spirit. They are always there to cheer the teams on. Most people do not realize how hard each and every one of the cheerleaders works. The cheerleaders' support and hard work is very much appreciated.

We all seem to say we owe who we are to
parents
friends
teachers
or family members.
But isn't the truth we owe much to ourselves?
Oh sure, they gave us advice, they were
there during fights, the laughter, the tears

the defeats, and the victories,
But weren't we the ones who decided
What advice to take or leave?
Weren't we the ones who fought, laughed,
and cried?
Weren't we the ones who lost or won
no matter who or how many were there

to cheer us on ? Weren't we the
ones who swung the bat, ran the bases,
and made the runs?
Oh sure, they all deserve applause.
But don't you think who also
deserves the applause is we
the Class of 1983!!

EPILOGUE

We the staff of *Aurigan*, 1983, hereby dedicate this yearbook to Mr. Robert L. Dunham, who will retire at the end of this school year.

Mr. Dunham is a very intelligent man who has been at Mt. Everett for many years. Mr. Dunham has a great sense of humor even when grades come out. He does many different things such as fly airplanes and make wine. He is a fun teacher and he is definitely original. He smokes chalk and counts backwards. I think this school will miss him.

— Sara Davidson

Mr. Dunham is a pretty neat guy. He has done so many different things in his life. We are all going to miss him when he retires. It's hard to picture him retired, for he will always be doing something. I'll always remember the pictures he draws in study hall. I will also remember his saying, "I never could tell the depth of a well by the length of the handle on the pump," and I am still looking for the state of Ssissississippi.

— Lynn Warner

Mr. Dunham has been at Mt. Everett a very long time. He entertains his classes while he teaches. He gives everyone the opportunity to improve his or her grade if that student puts some effort into it. Well, Dr. D. — You're on your way to Ssissississippi! We will miss you when you're gone.

— Peggy O'Connor

Mr. Dunham is the kind of teacher that grows on you. At first you think, "What a crazy guy," but when you think about it, he is a man that has a commitment to each and every student. I have never seen him turn away anybody who needed extra help. Okay, so he *has* raised his voice once or twice, but it was necessary. The only advice I have for Mr. Dunham in his retirement is to stop smoking chalk and move to Ssissississippi!
